Compressor & 230 or 730 Horn Wiring

Route wiring as desired and make the appropriate connections per the below figure. Use the included wiring loom and crimp connectors as desired.

Connect the purple wire from one side of the button to one side of the solenoid. Connect the ground to the other side of the solenoid leaving the middle pin empty.

⇦ Switched Power 12-Volts with **Key ON.** Horn activates with Key ON only.

RED DASH LINE TO IGNITION 12-VOLTS

⇦ Constant Power, 12-Volts with **Key ON or OFF.** Horn activates with Key ON or OFF.

RED SOLID LINE TO CONSTANT 12-VOLTS
